

Volcanic Eruptions and the Earth – *Helpful or harmful?*

Sort the facts into this chart **AFTER** you have made your claim in the space below.

Helpful	Harmful
These facts prove that volcanoes are helpful to the other spheres	These facts prove that volcanoes are harmful to the other spheres

My Claim for volcanic activity: *I believe volcanoes are mostly (helpful harmful) to the other spheres of the Earth because*

On the back: *Was your claim supported by the evidence?*

Write a constructed response that evaluates your claim using at least three pieces of evidence as support for or against yourself.

This is why my claim was correct... or not correct!
